URC JUMPSTARTS 2026 WITH STRONG SALES GROWTH, LED BY ACCELERATION IN BRANDED FOODS PHILIPPINES

Universal Robina Corporation (“URC”) reported first quarter 2026 sales of ₱47.9 billion, up 6% year-on-year, driven by broad-based, volume-led growth in BCF Philippines, alongside strong contributions from both the Animal Nutrition and Health (“ANH”) and the Flour divisions, particularly as our new Sariaya flour mill contributed meaningfully to production.

Total operating income was ₱5.4 billion, down 2% versus last year, as Commodities profits were impacted by lower sugar selling prices.

Net income from continuing operations was ₱4.1 billion, down 4% year on year, while core net income attributable to parent closed at ₱3.8 billion, down 2% year on year, broadly in line with operating income.

SALES PERFORMANCE PER BUSINESS

Branded Consumer Foods (BCF): BCF delivered ₱32.2 billion in sales for the quarter ended March 31, 2026 (+9% YoY). BCF Philippines grew 10% to ₱22.0 billion, driven by broad-based volume expansion and the carryover benefit of last year’s pricing actions. BCF International rose 6% to ₱10.2 billion, reflecting resilient demand and consistent execution across key markets, led by Malaysia on the back of the continued success of the Munchy’s business.

Agro-Industrial & Commodities (AIC): AIC recorded ₱15.7 billion in sales (flat YoY). Growth was driven by Animal Nutrition and Health (+22% YoY) and a standout performance from Flour (+17% YoY) as Sariaya production ramps up. This was offset by a decline in the Sugar and Renewables business on lower distillery utilization rates.

TURNING THE CORNER – STAYING AGILE ON DEMAND AND COSTS

Irwin Lee, URC President and CEO, said, “We started the year with strong, volume-led growth, led by BCF Philippines, reflecting accelerating momentum and continued excellence in execution. We are balancing targeted demand support with margin recovery. We remain mindful that any inflationary spillover from the Middle East conflict could pressure consumer demand, and we will stay agile—managing pricing, mix, and costs carefully to sustain momentum.”
